QUIGLEY

2020 | PERCHERON/AQHA | GRADE
15.3HH BAY GELDING

Consigned by: JORDAN & ROBYN DODDS

Quigley is a big solid, easy going gelding that we have used for the last year on the ranch. He is 3/4 quarter horse and 1/4 Percheron. Used him last summer on a TV series where he took everything in stride. Quigley was rode by several different people to wrangle on and was used lots in the background. Quigley was used last fall to pull bulls and again to gather, sort and wean pairs. Rides around smooth and has a nice lope on him. He has been out to the mountains were he crosses water, bogs and logs with ease. He stands great for the farrier and has great barn manners. Quigley is fine with time off. Take and use him in any direction you want, he has his whole life ahead of him.

"Biggie", is a 6 year old registered AQHA gelding standing at 14.2HH.

Kind, gentle, and willing are just a few words to describe this little guy. Biggie's life experience includes moving cattle, lots

of outside miles riding in the hills, and being hauled to different arenas. He crosses creeks with confidence and never gets in too much of a hurry. He's a mellow fellow, has great ground manners, and is a pleasure

medicine! Some fast calves that need a little nylon veterinarian? Build your loop and lay it on there, Rooster's gonna put you at the hip and make the neighbours think there's nothing you can't rope! If you're riding in the feedlot Rooster's is the man! Cowwy is an understatement, but there's no ram and jam here. Level headed, quiet and focused, he won't get your calves stirred up, but they will 110% be going out that gate while you drink your coffee and enjoy the show. While his blue collar resume is a mile long, Rooster is just as comfortable enjoying a Saturday trail ride. Whether you're loping across the field with the wind in his mane, or headed out on a mountain adventure, Rooster is uncomplicated and easy to enjoy. A total pet to be around, Rooster is as easy to catch as they come and thoroughly enjoys being scratched, loved on, and enjoying time with his people. If the arena is your game, here is an amazing prospect for a lot of different disciplines. Cowwy, strong to the horn, and plenty of size. Rooster would make an excellent head horse with minimal work. Pickup men, here is one to watch for as well. He's got the speed and the strong nature to get a cowboy out of trouble and on the ground safely. This is an amazing young horse that has a very bright future ahead of him. Come and meet him and take him for a test ride before sale day.

“Rooster” is the F350 Platinum of a ranch horse! All the size and power to do any job you can think of with all the fancy bells and whistles to ensure he looks good doing it! Rooster has been used for the past year on a mixed ranch/feedlot operation. There isn't a job this big fella can't do. Got some big soggy cows with footrot? Pull your cinch tight and let Rooster show those old girls that they're gonna lay down and take their

everywhere he goes. Turbo was started and brought along by me until last spring, when he went out to spend some quality time getting ranch kid broke by Ira Hamm, who has done an absolutely remarkable job. Turbo has been used on the community pasture for two seasons, he's seen take in and take out, moved fresh calves and fiercely stood his ground against cows and bulls double his size. We have taken him camping at the West Block in Cypress Hills, and he has been used to gather off that same block come fall. He not only keeps up with the big horses, but out walks and out works them too. Summer 2024 I hauled him out to the Ya Ha Tinda and both ponied and rode him through the mountains, he ponied a young stud through creeks and bush, and played in Eagle Lake. Not once did I worry about being alone because Turbo always looks out for his person. Turbo is well broke w/t/l, with smooth lope transitions, a great big stop, A+ spin, neck reins, and rides off your leg. They don't make ponies like this every day, heck they don't even make them every year. He's been hauled to rope nights, roped the heelomatic, been pasture roped off of, and has been lightly used for lessons. He's built right, with good bone and a tough 000 foot, good to trim and handle. Turbo is up to date on dental, shots, deworming, and trims. He catches you, loads, hauls, and ties quietly, he is gentle in a herd and does well turned out on pasture or on a bale, no special pony diet required. He will come with a basic Vet Check before the sale, he is blemish free and has never been injured. Turbo would be best suited for an intermediate type rider. Please check our Facebook page Maxwell Quarter Horses & Livestock Services for frequent updates and more pictures and videos!

“Lucy”, is a 2023 AQHA black mare that we purchased as a weanling. She was started as a two year old and has been in our cowhorse program since. Lucy is a pretty mover, smooth loping, and hard stopping mare. She has had riding inside and out of the arena, and has been hauled to many different facilities. Lucy is a great rope horse prospect, or all around mare with great conformation that you would be proud to breed and raise babies from. She is up to date on vaccinations, deworming, and dental.

used as a dependable ranch and cowboy horse and he's the type you can trust day in and day out. Ice has seen long days and honest work. Whether it's covering miles, working cattle, or heading out alone, he takes everything in stride and always shows up ready to do his job again with his rider. He has a steady mind and a willing attitude and he's never offered to buck, bolt, or rear. He's been lightly started in team roping on both live steers and the Heel-O-Matic, showing a natural feel for both heading and heeling. Ice has also doctored cattle on his own and proven to be dependable and level-headed when working alone out in the pasture. Ice is suitable for all types of riders and is the kind you can enjoy anywhere. He's great on the trails and confident in the mountains or across any terrain. In the arena he remains quiet, dependable, and willing, and with his calm demeanor and desire to please he could potentially make an excellent high school rodeo horse. Ice hauls well, stays gentle, and is the kind you can saddle up and go to work on without any hassle. He is sound, solid, and ready to take on his next job with a new partner. He sells up to date on dental care, farrier work, vaccinations and deworming. If you're looking for a dependable gelding with a great mind and a strong work ethic, Ice Man fits the bill.

feet and is put together solid and correct. He's the pony that every kid wants, very flashy, well trained, the born broke type, and is cute and friendly. He's broke to ride, and well started driving (single cart). He is safe, sane, super quiet, kind, very friendly and loves kids. Pete rides around well, has good steering and a good stop/back up. He rides alone or with

others the same, has had outside miles, rode in different arenas and down the trails, is good through bush, over logs/obstacles, good with tarps, flags, hola hoops, ropes, dragging things and more. He has been driven all over with the cart and rode and pulled the kids around with the sled. Pete is great on the ground, is very easy to catch (if he's not already at the gate when you get there, or on his way to meet you and put his head in the halter, every time). He is good with his feet, tacks/harnesses up easy, lunges, ties, baths and loads/unloads well. He has also been taught to lay down on command. Pete is safe, willing and more on the pokey/slow side of life, he's not a dead head (is curious and smart) but doesn't like wasting his energy being bratty, he's a chill and happy little dude. He is kept up to date on farrier, teeth, deworming and vaccines and current coggins. No injuries, founder, or soundness issues. He lives outside 24/7 with the other ponies and gets along well with everyone. We would consider him beginner and kid safe. Our 7 year old has done a lot of the work on him -tie, brush, tack up, and ride all over with no help from us (she sometimes just hops on him bareback in a halter). Safe for our 3 year old as well as visiting friends kids that get tossed on him, he is definitely a favourite around here. Whether you have a young cowboy needing his first little ranch pony, or a small cowgirl wanting her unicorn, he'll make a great best friend for the lucky kid(s) that get him. from catching strays, dragging calves to the fire, treating yearlings on grass, and treating calves in the feedlot. Frank excels in the gate sorting. He has all the buttons, soft in the rib cage, and will ride in the bridle or without any bridle at all. Frank lopes a soft circle, has a really nice turn arounds and hunts a stop. He has been ridden extensively through the bush and he will confidently cross anything you point him at. Geldings with this type of pedigree, talent and willing attitude are sure hard to come by and we're proud to offer him. Keep ranching on him, take him to the cutting/sorting pen, or make a rope horse out of him. He'll excel in whichever direction you want to take him.

Drew Spencer | 403-963-8766 | Ponoka, AB | featherfootedranhhorses@gmail.com

You're going to have to look pretty hard to find one packing a pedigree as nice as "Frank's". He is a direct son of Red Hott Cat with LTE of \$72,244+ and a grandson of all-time leading sire Metallic Cat, who doesn't need much more explanation. Frank

is out of BSF Short Edition (Cheyenne Shorty) money earner herself. He is super gentle on the ground, and you can catch him wherever you find him. He saddles up quiet, is good handling his feet and is really soft eyed and gentle. We've used him for everything

Two Guns is a nice big, level headed fella. He has been used moving cattle, flagging colts. Lots of bush miles, has been rode alone, never a bit of trouble. If you're looking for a sensible, good minded horse, he fits the bill. Has been shod, loads perfectly. Please give me a call if you have any questions thank you!

brought along thoughtfully through our full liberty and groundwork program. She is soft, responsive, and naturally balanced with a correct, willing mind. Under saddle, she offers a beautiful canter, a solid stop, and a feel that's easy to get along with. She has roped the Heel-O-Matic and the lead steer, enjoys working cattle, and shows real try when asked to do a job. She rides out confidently, handles new environments well, and truly excels in the arena. A rare two blue-eyed beauty, she pairs eye-catching looks with genuine ability. Been hauled to clinics, trailered daily—she self loads. Easy to catch, first one to the gate. This mare is shaping up to be a true all-around mount—the kind that wants to go to work one day and clean up nicely for the arena the next. A quality young horse with the foundation and attitude to go any direction.

make a cool junior rodeo horse with more time. Whiz has seen lots of trail riding in the desert and mountains. He is quiet and easy going. Seen some ranch work as well gathering and sorting cattle. Whiz is a cool little horse that most anyone will get on and enjoy.

He spent time at the feedlot where he doctored cattle, opened and closed gates, drug calves during branding season and has tied off a few times to doctor cattle. We spent time with him over the winter on the heelomatic and as of late he has been on live cattle on both the heading and heeling side. Last spring he was our go to for halter breaking and flagging out our yearling colts. He has also been used at rough stock practice nights as a pickup horse. Daydream is put together with good feet and bone and very straight legs. He is a big smooth mover and really is a dream to ride. He is ready for someone to go on with and finish him the way they want. With the papers he has, he would also excel in the barrel pen. As a bonus he has been taught to lay down!

“Daydream” 6 year old black gelding. The name says it all with this handsome gelding. We have raised many colts off of his dam and they have all been stand out, quality horses. He stands at 15.1hh and has been a pleasure to work with since day one. He is as laid back and as easy going as it gets. He rides just like you want one to - collected, soft in the bridle and moves well off of leg pressure. Daydream has had a-lot of exposure over the years and has always been a very willing student with everything we have asked of him.

little gentleman. He knows his job is to be gentle and kind with his riders, wile complying to their every command. Broke with all the buttons, soft in the bridle, moves off legs and seat. Started in liberty and kid broke for all the silliness that comes with young riders. He rides out in front on the trail or is content in the back of the group and confidently goes out alone. Not spooky, but takes it all in stride, quads, dirt bikes, sheep, cows, swing sets and house pets. He has seen it all and been off the farm to experience crowds and loud speakers at Fall Fair, Music Festival and Ranch Rodeo. logged plenty of miles across ranch work and mountain trips, giving him the confidence and seasoning to step into a job with ease. He's a forward mover with a good handle — responsive, moves off your leg, and collects up nicely. Handy broke and ready to move out, he covers country efficiently and stays focused on the task at hand. He rides out alone confidently and is comfortable in all kinds of terrain. Smoke is blind in his right eye. As a result, he can be more sensitive on that side, but he does just fine as long as you let him know you're there. ✓ Ranch work – gathering, sorting, doctoring ✓ Branded calves & worked the branding pen ✓ Used in ranch rodeos ✓ Roped the heelomatic ✓ Packed on mountain hunts ✓ Good with his feet easy to handle. Smoke is a capable, experienced gelding that thrives in a working environment and is ready to step into his next job. Smoke's only flaw is he's Blind in his right eye which doesn't effect him with any of his ranch tasks. TEAM

Consigned by: IAN HOPFE

Ace and Axel are heavy framed, and have lots of color that gets head turning looks. Ace and Axel have been on cutter rallies and wagon train rides where they have had to stay tied on picket lines, and driven lots of miles. They have been hooked to different horse drawn equipment (sleighs, wagons, forecarts). This team is young and ready for their forever home. With their looks, color and conformation, they will never have to stand in the welfare line. These geldings stand like a statue to be harnessed, you can ground drive them to what ever you want to hook them to, and they will in turn stand quiet to be hitched. They just finished their 78th drive at Gimlet Cutter Rally in February. They were started by Floyd Mullaney and spent four months with him being trained to drive. They are now started under saddle as well and proven to be quiet. Their feet have been done numerous times and they are now ready for any direction you may wish to take them. For more information on this awesome pair call or text Ian. Don't take my word for it, please come see them for yourselves!

AN INVESTMENT he is...worth every penny! Gentle, talented, willing and the looks to go with! He's only 5 years old but acts about 25; a true old soul. Louie is a finished head horse. He has been roped on by everyone from kids to 60+ men, #3 to #9's. He just does his job no matter who is on him. We have even roped in a halter and bridleless on him - Check out his video to see! He is a futurity money earner - Royal Crown Canada eligible for life as well as BERI eligible, and he still has 2 years left to enter the futurities! He has also been used in the rodeo arena as a pick up horse a couple times and used for working colts off of. He runs in without hesitation and is always eager to do his job. Louie has been trail rode out plenty as well. Across the fields of MB, down the #1 highway and through the desert of AZ. He's not spooky, and goes over whatever you point him at. As a 4 year old we put grandma on him to trail ride through the AZ mountains and he was a perfect gem. Louie is broke, with all the buttons. Soft in the bridle, moves off legs, has great transitions and lope departures. To top it all off, he's smooth to ride! Louie is the easiest horse to have around, he's great for bathes, clipping, standing for farrier, trailering, meets you at the gate to catch. He will happily stand in a barn, or live on pasture and gets along well in a herd. He is an easy keeper, with no extra feed requirements. He is used to lots of action and chaos, he's not looky or spooky. Trains, planes, highway traffic, drones, quads, tractors, kids, wagons, strollers, dogs, bouncy castles, tarps, flags; he couldn't care less about any of it. He's been hauled out and seen the sights and sounds! Louie has no flaws: straight legs, solid bone and lots of foot, and correct conformation. No scars or blemishes. His Dark golden palomino colour with long flowing mane and tail, makes him easy on the eyes! The type of horse everyone wants to own! Whether you want a solid rope horse, a family horse or one to ride out on the trails; Louie will do whatever you ask of him and look darn good while doing it! UTD ON: Farrier, Dental(January 2026), Vaccines, Deworming. Current Coggins. He will sell with a vet check done prior to sale date.

S'More is a dream pony with an impressive resume and the kind of mind everyone searches for but seldom finds. He is a top-end competitive peewee pony with multiple wins, and there truly isn't a job he can't do. He is an OFF-LEADLINE pony and is as broke as they come, with outstanding feel and responsiveness. He has a huge work ethic and the heart of a champion!!! He gives 100% to everything that he does. You can even ride him bridleless!! S'More confidently does it all: ✓ Barrels (push-button) ✓ Pole bending (push-button) ✓ Goat tying ✓ Roping ✓ Pickup pony at rodeos, including the 2023 Canadian Finals Rodeo ✓ Packs a flag ✓ Rides out alone ✓ Lead-lines little kids ✓ Drags objects ✓ Warms up beautifully ✓ Excellent to haul. He is very independent, not herd bound, and quiet-minded in new environments. He can be ridden in a bit or hackamore and is honest, willing, and incredibly consistent. We have hauled him to rodeos with us the last few years and has seen all the sights, the biggest being the 2023 Canadian Finals Rodeo!!! Kenlee purchased S'More as a weanling and has done all of his training herself, which truly shows in his softness, confidence, patterning and versatility. He is sound, healthy, and meticulously cared for!!! Update to do on all of his farrier, worming etc. Had his teeth done March 3/2026! S'More is ready to help a new little rider gain confidence, whether cruising around the ranch or heading straight into the rodeo pen with a true partner underneath them!! GREGOR THE MOUNTAIN**2021 | PERCHERON/BELGIAN | GRADE**
17.2HH BAY ROAN GELDINGConsigned by: **LINDSEY GERBER**

Greg is 1800 lbs. with a size 7 shoe. He was started in team harness last January where he drove both left and right side feeding cows for a combined 30 days. Greg was then started under saddle where he has excelled as an all around mountain horse. He spent last spring, summer and fall climbing mountains, crossing rivers, navigating bog and rough terrain and conquering it all with confidence and consistency. He's sure footed, quiet and calm when he climbs. Greg has an incredible foundation of flat work under saddle: ✓ Solid walk, jog, trot and lope ✓ Picks up his leads ✓ Turn on the haunches ✓ Turn on the forehand ✓ Half pass ✓ Side pass ✓ Opens gates. Greg is always the first horse at the gate. He follows you around the pasture looking for attention. He's amazing to load and unload. He stands quiet at the hitching rail/highline/cross ties. He doesn't pull and can be tied with a thin piece of twine and won't touch it. He's gentle in the pasture and is currently pastured with a mix of young and old horses, mares and geldings, and everything from minis to qhs to more draft crosses. Greg is 100% sound and has no scars or previous injuries. Greg requires ZERO MAINTENANCE. He is up to date on his dental work, dewormer, 5-way vaccine and farrier. He has beautiful feet and stands well for the farrier. Greg is currently at an indoor facility with me fine tuning his riding skills and will remain there until sale date. He is a star at the arena and everyone is blown away by his size and disposition. Greg has had an assortment of riders on him in the mountains from husbands to kids and everyone in between. Mountain man is his true calling! Greg COMES WITH a custom bit made by "Elliot Bit and Spurs" and a custom bridle together valued over \$500. He has a soft mouth and soft sides. He doesn't require spurs or a tough handle. He doesn't rub your knees into trees despite his large size. Greg does NOT require a custom saddle or draft saddle. He fits FQHB and wears a 38-40" cinch. He's not wide through the barrel and therefore doesn't hurt your knees to ride all day. Stay tuned for more video!

7 year old Dun Gelding. A bit of run mixed with old time cow. This horse was born and raised at our place. Nico has been used in a community pasture performing all duties such as fencing, moving, sorting and treating. He competed at rodeos at the amateur level heading and has been heeled on lightly in the practice pen. He is honest, always has his "A" game on. He uses himself correctly. Up to date on vaccines, worming, dental and farrier work. Recently seen by an Osteopath with no concerns noted. More videos and pictures

Sue - (A boy named) Sue is a 9 year old gelding standing 14.3 and a pretty yellow that never hurts anything! Solid heel horse that has been use at jackpots. The girls have him working good in the breakaway as well! With lots of run and a big stop! He also has a light start on the barrel pattern and is taking it all in stride, with potential to be someone's number one with the right finish! Sue is game for what ever you need with a strong desire to please! He's done every job from treating cattle on grass, to riding in the mountains

treating cattle on grass, to riding in the mountains taking hunters in the back country, to being used for any event needed in the arena, and penning cattle at the auction mart! Sue has a nice move to him and is something you can ride all day long, has a kind eye and a nice disposition and the bloodlines to back him up. He is ready to be someone's one horse. If you have any questions or would like to come and take him for a spin, give us a call.

back for less experienced riders. Pearl is genuinely beginner-safe yet talented enough to continue progressing with an advanced rider. She is easy-going, not mare-ish, good with time off, and has excellent manners. She is good to catch, tie, trim, bathe, and load. She is a beautiful mover with experience in all aspects of ranch work, including gathering, pairing out, sorting, branding, pasture roping, and doctoring. She has been to town for local shows and clinics, has done Working Equitation (Level 2), attended cow horse clinics, trail rides confidently alone or in groups, rides bareback and bridleless, and has a start in liberty. Pearl would excel as a fun, reliable all-around partner or as a competitive prospect for entry-level disciplines such as ranch riding, cow horse, working equitation, western dressage, or even some English classes. On top of that she will be started on the heel side and breakaway roping by the time of sale. Despite her color, Pearl sees and hears and does NOT sunburn — a common concern with perlinos that simply does not apply to her. She has no vices, requires no maintenance, and is up to date on dental, farrier, and vaccinations. Pearl is the kind that's hard to replace: safe, versatile, talented, and genuinely kind. She's ready to take her next rider as far as they want to go — whether that's enjoying a wonderful horse every day, learning, or competing. Follow me on Facebook for the most recent updates. Please call Iris Altermatt for more information or to book a test ride.

“Pearl” is a truly exceptional, all-around mare and my absolute go-to horse. I've owned her for over two years, and she has consistently proven herself to be safe, kind, talented, and incredibly versatile — a true confidence builder for riders of any level.

She is broke with plenty of buttons: neck reins, works beautifully off seat and leg, has a great stop, nice spin, and a soft, willing feel throughout. Pearl is light, responsive, and honest — she does exactly what you ask, happily gives more when asked, and will just as willingly dial it

has proven herself in and out of the arena. Baby Doll is an easy traveler and handles hauling and new environments well. She has been breakaway roped on and is started in calf roping. My little brother rode her in high school rodeo, where she also competed in working cow horse. She has attended several working cow horse clinics and showed a natural talent, cow sense, and willingness to work. Baby Doll is an easy keeper with no extra feed requirements. She stands well for the farrier, wears shoes in the summer, and runs barefoot in the winter with no issues. She has a great personality, is honest and willing, and is truly an all-around, fun horse that someone can enjoy both in and out of the arena.

Baby Doll is an 11-year-old mare and an outstanding all-around ranch and rope horse. She has lots of try and go, but will also quietly walk down the trail, making her fun, versatile, and suitable for many riders. She is a great heel horse that any numbered roper would enjoy roping on. I college rodeoed on her in the Southern Region of Texas, and she

I have packed her, hunted off her, taken her to the mountains sheep hunting and she has no quit. She will cross creeks and rivers without any hesitation. Mountains and brush don't bother her at all. I have moved, branded, and doctored cattle on her. I have breakaway and calf roped the dummy quite a lot on her and breakawayed some slower ones. I have headed and heeled on her. She is really cowy, has lots of speed and is good in the box. My sister has taken her around the barrels a bit. For more information call me.

He is excellent for the farrier, stands tied quietly for long periods, trailers well, and bathes without issue. He is built correctly with straight legs, solid bone, strong feet, and he has never been lame or foundered. Up to date on: ✓ Farrier ✓ Dental ✓ Vaccinations ✓ Deworming. Under saddle, Tonka has a strong, correct foundation. He is soft in the bridle, responsive to leg cues, and offers smooth, balanced transitions. He has experience riding both in the arena and on the trail. Spent hours moving cattle, packing a flag, tarp, and pulling a tire. He has roped the dummy extensively, a few slower roping steers and he shows good potential to make a fun little heel horse. Ride him saddled or bareback, and he will gladly go out on his own with no fuss. Tonka has also been harnessed and pulled a sled in the snow, suggesting an easy transition to driving or cart work. He has a great work ethic, plenty of stamina, and is comfortable putting in long days and covering miles. Tonka would be an excellent fit for someone looking for a solid ranch horse, all-around project, or dependable recreational partner. As a bonus, he knows how to lay down on command, making mounting and dismounting easier—or serving as a fun party trick. Please call or text to arrange a time to meet him!

Additionally, to being a top ranch horse, Wyatt has become a seasoned head horse. He's gone to many jackpots over the years and had multiple ropers on him from your higher numbered, to your teenagers wanting to learn to rope. This last summer Wyatt was started on the barrel pattern and hauled to some jackpots, where he was run in the open and jump jockeyed by a 14 year old girl that was without a mount after her horse got injured. Wyatt has also been competed on in ranch rodeos in events like doctoring, sorting, wild horse races, branding, and wild cow milking. Wyatt has been our main horse for the kids to get on, whether its roping the machine, doing gymcana, moving and checking cows, and of course, horsing around playing games like tag. Lastly, he's been taken to the Cypress Hills and used for trail riding. No doubt about it, this handsome bay gelding has accomplished a lot, but his biggest achievement is that he's a safe and reliable horse for absolutely anyone. Ride him everyday or once every 6 months, he's the same horse every time. Remi has headed hundreds of steers in the practice pen and has been hauled to a handful of team roping jackpots. He is ready to be seasoned and 'head' to the pay window with his new owner. On the ranch, he is a veteran - sorting pairs, gathering cattle, going on cattle drives, and dragging numerous calves to the branding fire. He was also packed to the mountains on a moose hunt as a 4 year old. He is a point and shoot type horse that will go wherever you ask him to. He knows how to step up and use himself when there is work to be done. What truly sets him apart is his mind. He is a "meet you at the gate" type of horse that is a dream to catch, shoe, load, and haul. While he is handy in the roping box, he is gentle enough for my 3-year-old son to rope the dummy on and my 6-year-old daughter to ride around the arena. I even used him as a riding lesson horse for a 12 year old girl, who was just learning to ride, and he took care of her every step of the way. "Sticks" is a 9 year old 15hh Aqha Gelding, it would be hard to find a prettier grey Horse than he is! No scars or blemishes, no brand, he's a cow sorting machine, had lots of Ranch miles before I got him, my buddy had him in his string at a community

pasture in Saskatchewan for the 2024 season, this last summer I used him for everything, branding, ponying colts, day working, I got to go rope some strays for the neighbors on him as well as rounding up and shipping cows in the fall! He's good to catch anytime anywhere, He's good for the farrier and self loads in any kind of trailer.

straight to work with him. He's big but don't let his size fool you, he's as strong, athletic, smooth, and agile as they come! Moves off leg and seat pressure like he knows what's next even before you do. This guy has been my go to horse on a 2500 head cow/calf operation calving and roping, and doing it all exceptionally steady. He's also been my main mount for one man doctoring, tracking, bridless, branding, and pulling 80 bulls in one season alone and did it beautifully. Hard as he works Darone is always ready at the gate waiting for the next day's job. This past summer we did some ranch rodeoing and he was a star wherever he went! Darone took home the Top Horse Award at the North Cache Ranch Rodeo where he stayed steady and collected through all the rodeo excitement. Loading and trailering Darone has never been a problem as he practices this daily in calving season and he does great in the barn. Super with his feet, black on all fours, and wears a size 1 shoe. A gentle giant with the kids for an occasional ride. He's an easy keeper and an eye catcher in the pen, his colors changing with the seasons. This roan is well rounded and well experienced in all areas of ranch work making him your next get on and ride horse. He will come with a Vet Check prior to sale day. He's located at Morsan Farms, an hour out of Fort St John for anyone interested in taking a look.

a quiet, gentle, and kind disposition. Dozer will have 7 months of consistent, correct training come sale day. Dozer has been used for moving and sorting cows, packing, and doctoring. He has been hauled off the ranch to ranch roping nights, where he proved to be level-headed and confident in new environments. Under saddle, Dozer is smooth and comfortable, moves well off leg pressure, and is soft in the bridle. He hauls well, stands tied, and has excellent ground manners. He is sound, gentle, and honest, making him suitable for a wide range of riders. Dozer would make an outstanding ranch horse or a dependable, good-minded gelding. With his flashy looks, draft-cross size, and exceptional temperament, Dozer is a hard-to-find combination and checks a lot of boxes in today's market.

Don't let Smoke's size fool you — this little guy has the heart and ability to keep up with the big horses all day long. Smoke is a well-rounded, experienced pony with a solid foundation and a

long resume of real-life miles. He was started under saddle as a two-year-old and has since done a bit of everything — ranch riding, mountain trails, and riding lessons. He's the type that happily loads himself on the trailer and just wants to be part of whatever adventure you have planned. He rides both Western and English and has a steady, willing mind. Smoke is game to try anything and has been exposed to far more than most ponies his size — crossing rivers and bridges, swimming, trail obstacles, jumping, dressage basics, gymkhanas, pony club-type games, pulling sleds, ponying bikes, and all the everyday chaos that comes with kid life. He's seen the world and handles it with confidence. Out on the trail he is incredibly sensible and sure-footed. He'll lead or follow quietly, handles wildlife and mountain terrain confidently, and goes through water without hesitation. He's used to slickers, saddle bags, high lines, and busy environments. He's soft in the mouth, responsive off your leg, and straightforward to ride. His smooth, rocking-horse lope makes him comfortable to ride for miles. At 11.2hh, he's the perfect size for kids while still being sturdy enough that a smaller adult or teen can hop on in a pinch. Smoke is best suited for confident beginners and up, and would truly thrive with a kid in a lesson program, 4-H/pony club setting, or with an experienced, horse-savvy family who will continue to keep him busy. He's a fantastic partner for a child who wants to learn, grow, and do a bit of everything. He is 100% sound with hard black feet and is up to date on farrier, vaccinations, and deworming. Located by Rimbey, Alberta. Viewings and PPE welcome prior to sale.

“Rooster” is a 5 year old AQHA gelding that we have owned since a weanling. He is the true definition of an all-around horse, with a very solid handle. We have used Rooster on the ranch for all aspects, including checking pastures, riding feedlot

pens, cattle drives, branding, and doctoring and trailer loading in the pastures. However, he is no stranger to arena riding. He can work the mechanical flag, hands down and has been started out of the roping box on the head side. Rooster has a quiet, laid-back personality, but a motor under the hood when asked for. He is a smooth mover and really reads your seat. This past year, he was one of our main turn back horses at the cutting and cow-horse shows. Getting hauled with the show string, he is very familiar with the most popular facilities in Canada. Rooster hauls very well, stands tied, and has excellent box stall manners, keeping it neat and tidy. He is a first choice when it comes to needing solid minded, gentle horse for an inexperienced rider. Rooster has been on mountain trips varying from week long pack outs to day rides. He crossed rivers and bogs without hesitation and will climb whatever slope or mountain you point him at. Snaffle, correction, spade bit with romal reins, or just the halter will do. Rooster is truly versatile, and would fit an all around family horse, ranch horse, team roping horse, even a ranch horse versatility or entry level reined cowhorse! UTD on dental, vaccinations and dewormed as well as regular farrier work.

Consigned by: MCKENDRICK STABLE

with a beautiful, long, flowing mane, he steals the show wherever he goes. And it's not just his looks that surprise, his mind is incredible. At only five years old, he already has an impressive résumé. Crickett is responsive to your leg and carries himself nicely with a consistent, supple head carriage. He has lots of go when you ask for it, but will stop as soon as you stop riding. He performs side passes, leg yields, haunches-in, shoulder-in, half-passes, flying lead changes, and has a big stop. You can open and close gates on Crickett in the mountains or in your yard at home on the ranch. He has been to the mountains on four different multi-day trips and has been the best mountain horse you could ask for. He is very polite about the rider's leg around trees and obstacles. He is happy to be in the front or the back, he truly doesn't care and enjoys both. Wildlife encounters do not excite him, and he will confidently cross any river with you. Crickett attended a branding last year and pulled out several calves with no issues at all. He has done cattle drives and multiple trail rides on all types of terrain. Crickett has been to a Gymkhana with a 13-year-old girl. Even though it was his first outing in a different indoor arena, he was amazing. His rider had no issues taking him around and running beautiful barrel, pole, and stake patterns. To top it off, Crickett has also been used for skijoring and never cared about skiers or toboggans behind him, or being by himself in the field. Just to show how talented and truly versatile this horse is, he is not only a superstar in western disciplines, Crickett can jump!!! He is currently schooling 3' fences with ease and has room to go higher. This horse is so much fun and will be hard to let go of. He truly is an all-around family horse with the mind to be ridden by beginner to intermediate riders, while also having the ability to perform with an advanced rider. He will check cows and work on the ranch, yet your show-jumping-loving daughter can take him around jump courses and look fantastic doing it. Crickett has been used in a busy lesson program for the last year and has been ridden by all sorts of riders, from intermediate kids and adults to advanced riders. He can be pulled straight out of the pasture without issues and is not herd-bound at all. He sits lower in the pecking order and is a very gentle citizen. He is super easy to catch (he loves attention and coming in for work), trailers well, and has been hauled lots. He stands well for the farrier and has been hot-shod. Here is a horse the whole family can enjoy. A horse that steals hearts, draws attention, and stands out wherever you go! Crickett has never been lame. He does seem to be slightly sensitive to hay dust, which can be easily managed by feeding through a hay net, haylage, or hay cubes. Full PPE with 20 x-ray views and flexion tests available upon request! He is 100% sound! Crickett is located just north of Bentley, AB, at McKendrick Stable. Please reach out to Meggi for more information or to book a time to meet Crickett.

If you're looking for a ranch horse trail riding horse feedlot horse rope horse or just a horse, he won't let you down. Mr Grey is still young enough to go in many different directions. He handles well on his own or with other horses. Mr grey has worked in the feedlot opened/closed gates, sorted cattle and will watch a cow. He is sharp shod in the winter but has run bare foot in the summer. Mr Grey has never taken a lame step, is sure footed and won't let you down. He stays the same with time off or every day rides.

We purchased this gelding from Dean and Deb Fenty as a 2yr old. We have put him through the team roping Futurity's (heading) as a 4-5-6 yr old. He was patterned as 5 yr old in the barrels and Jackpotted on for 3 years as well as taken to a few

rodeos. Rusty Quam had this horse for several months last yr to put some finishing touches on him and season him. This a big fancy gelding with all the tools one should have. He sells sound. We will continue to add videos of him up till sale time. Check

added cutting strength from Ima Little Lena and Fatal Prescription. This maternal line contributes grit, feel, and a solid mind, reinforcing Spark's natural work ethic and presence on cattle. Spark has had a full year of professional cutting training, developing strong fundamentals on cattle with good rate, responsiveness, and a genuine desire to work. Since coming home, he has continued to mature into an honest, dependable horse that is straightforward to handle and enjoyable to have in the barn. He has been exposed to cattle through team penning, cutting, and cattle drives, showing confidence and a steady mind in real working environments. He hauls well, ties quietly, stands good for the farrier, and has been 100 percent sound his entire career. Athletic, powerful, and bred with purpose, Spark is well suited for continued development in cutting, working cow horse, ranch versatility, or as a dependable performance ranch partner. He is ready to step into a program and keep moving forward.

to miss this guy! Moon's quiet disposition makes everyday tasks enjoyable. He's a pleasure to be around, and will meet you at the gate in the morning patiently waiting to be caught. He loads confidently in the trailer and stands relaxed while tied up. Whether you're riding alone or with others, he's happy either way. His resume includes dragging calves in the branding trap, moving and sorting cattle, trail riding, roping the breakaway sled, and carrying a flag at our local pro rodeo last summer. Moon is soft, willing, and handles new challenges sensibly. We believe with some time and more experience Moon has the potential to be a great kids horse one day. Moon would be best suited to someone that can give him lots of leg, drive, and direction as he's naturally very ratey, hunts his stop, and requires a little get up and go from his rider! He is unhurried and takes his time, making him a safe partner. Moon has great feet and is up to date on his teeth and deworming. We encourage anyone interested to come check him out before the sale. you can ride every day during any kind of weather or go to Mexico for a week and get right back on and ask him to go to work. He has a great mind, learns quickly, and is always willing to do what's asked of him, making him a fun and versatile young prospect. He stands great for the fairer, loads and hauls well, and will stand tied up to anything for as long as you need. He's had a range of ages ride him from 14-60 but I'd recommend a stronger rider as he is still a young horse isn't ready for younger kids, but with time I'm sure he will be there one day to! I've had the privilege of starting this horse with the help of my grandpa Wayne Boisjoli and he's made it pretty easy on me and has never had any buck, bolt, or bite to him and has always been a great horse to get along with. I can't wait to see where he goes and what he ends up to be, I'd keep him for myself but I can only bring so many horses to college and I've got another to start this spring and I really wouldn't want to see him go to waste in the pasture when he could be doing so many great things!

gritty when it counts, Revy is jackpot-proven and ready to step into someone's No. 1 spot. He has been successfully hauled, competed, and exposed to real-world situations. Revy has been used as a heel horse, has ponied colts, and handles new environments with maturity well beyond his years. Swing a rope, ride him bareback, take him to a World Series jackpot — he shows up the same horse every single time. Dependable. Honest. Ready. He was hauled extensively last summer, earning wins at jackpots and gaining valuable experience. He stands tied, hauls exceptionally well, and genuinely enjoys having a job. He is personable and easy to be around, yet when it's time to work, he brings focus and intensity. With his quick footwork, natural rate, and strong stop, adding breakaway roping to his résumé would be an excellent next step for Revy. He has the athleticism and mind to transition seamlessly, making him an exciting prospect for someone looking to compete across multiple roping disciplines. This is a gelding with the right papers, the right buttons, and the right start. If you're searching for a young, high-quality gelding with the talent and foundation to go to the next level, Revy deserves serious consideration. Opportunities like this don't come along often.

themselves time and again. As soon you swing a leg over the yellow horse you can feel that performance/cow breeding under the hood. This horse is an absolute pleasure to ride, he's collected, in your hand, and stays between your legs. You can put this horse exactly where you want him whether that be loping some pretty circles in the arena or running full speed after a cow on a wide open pasture. Stops and turns like there's no tomorrow and looks good doing it! Respectful to lead, loads, and stands for the farrier, he is a shoe size 0. The Yellow Horse has extensive ranch experience for a 6 year old horse and is as seasoned as they come at his age! He spent the last two summers at a 2500 head cow/calf operation as my main mount for calving, branding, and doctoring. This horse has seen it all, long hard days covering many miles across field, bush, muskeg, creek crossings, roping big strong cows or going mock chicken after a spunky calf with a little bit of pinkeye, with the try this guy has there's nothing to big or fast for him! He can trot out and cover some big country. The yellow horse has been to a cow horse clinic, he displays tons of natural cowiness and athleticism! This guy loves to rope! Cows and calves on pasture, yearlings, roping steers, you name it! He's been to a few ranch rodeos and he was outstanding with how he handled himself even under the ranch rodeo pressure. He has been started on team roping this winter as a heel horse and shows great potential. This guy has a heart of gold and he'll give you everything he's got. He's is good enough to be your main mount on the ranch and young enough with great potential to take any direction you choose. This guy is an incredibly easy keeper. The yellow horse will come with a vet check on sale day. Full YouTube video will be posted by February 15, stay tuned! Located 1 hour from Fort St. John BC if you want to come take a take a look. kind willing mind, this gelding could go many directions, from the ranch/trail/rope pen, to even a good looking English prospect. Sargent is well started under saddle. He will have six months of training by sale day. He is riding around well, with all the buttons well started. He rides through the seat and legs well, has a good stop, side passes, spins, picks his leads up, and rides around soft. He has had both arena work and outside miles. His outside miles have been trail riding, riding through bush, up and down big hills, checking and moving cows around. He is good with tarps/flags/ropes/other obstacles and dragging a sled. He's been hauled and handles himself well in new environments. Sargent is safe on the ground. He is easy to catch, ties/ground ties, loads/unloads, is easy to tack up, lunges and is good with his feet. He lives outside 24/7 in the herd with no issues. He is sound, with no injuries, blemishes or scars. He has no quirks or funny business. He is up to date on farrier, deworming, teeth, vaccines and body work, as well as a current coggins. Sargent is a kind, willing, smart, good minded young gelding, with a solid foundation and some good miles under his belt. He is ready to be someone's next prospect and is ready for a job. foot forward in all directions. Grey has put in his time in both the pasture and feedlot. And his name was duly earned. Long circles are his specialty, miles seem to fly by with an easy ground covering trot. There's no bottom to this guy and you'll never be short of horse power when the day goes long and the miles stack up. In the feedlot grey can only be described as a steady eddy. If it's minus 30 or the mud is belly deep feel confident that Grey won't let you down or go running to HR. Big equipment flying by or a feed truck driver who loves his air horn won't get Grey in a tizzy and you can focus on the job. The mountains hold a special place for Grey. He's seen the sights, climbed to the top of lots of scenic spots in Yaha, crossed deep cold rivers, and happily rides front or back of a group. Grey is very sure footed and never slipped or stumbled in all our adventures. This is an excellent gelding that will be very enjoyable no matter if you're looking for a great new ranch employee or a recreational partner. Driggers is experienced in ranch work, including roping and doctoring cattle, and has also been started on breakaway cattle where he is quiet and confident in the box. He has begun learning the barrel pattern and is showing great potential. Driggers has been used in the mountains and has also been ridden at rough stock practices to pick up broncs, proving his reliability in different environments. He gets along well with other horses and is extremely easy to haul. Safe, versatile, and suitable for anyone, Driggers is quiet enough for trail

14 yr old weighing in at 1450 lbs. Very user friendly head horse from beginner to intermediate use. Has been in many local jackpots, Pembina, L2R ropings, Schmidt's arena, and Centuries in local area. Comfortable using a hot heels machine. Very broke, has been to the mountains many times. Good in water, bush, trail rides, and easy rides. Ranch roped, brandings, he's done it all. No flaws at all, no buck, bite, kick, bolt, crib. Not cinchy. Have him out for a week and is the same horse the next day. Would be a great trail ride horse

or beginner roper. More walk than run but can still get to the steer if needed. Very good black feet, easy to catch, easy to shoe, bridal, and saddle. Loads up quick and easy. UTD on farrier, dental, vaccines, deworming.

Hickory is a gentle, quiet, good-minded, and athletic young prospect with all the right pieces in place to excel in the futurity show pen and is ready to show this summer — with the talent and try to take you straight to the pay window. He demonstrates excellent athletic ability on both the flag and live cattle, showing natural cow sense, rate, speed control, and a genuine willingness to work. Hickory has a great fence turn and can circle a cow with confidence and consistency, making him a standout prospect with real ability. He also shows excellent aptitude in the roping pen, performing well on the Heel-O-Matic, allowing for an easy transition into heading or heeling. With a solid reining foundation, he has a correct, stylish turnaround and a strong, honest stop that will turn heads. Hickory is quiet, safe, and suitable for riders of all levels. He has been started right and is straightforward to ride, making him an excellent fit for a wide range of programs and riders. He sells up to date on dental care, farrier work, vaccinations, and deworming. Overall, Hickory is a quiet, good-minded gelding with loads of ability and endless potential — a versatile prospect ready to succeed in any direction.

Jessie and Crystal are a 14 year old VERY WELL BROKE Registered, Clydesdale team. Jessie is 18 HH and Crystal is 17.2 HH and they are half sisters. Crystal and Jessie are an extremely reliable team that have been used in 4 and 6 horse hitches to pull farming equipment for breaking and seeding land but have also been used as a 2 horse team for pleasure as well. They are the type of horses that you can drop the lines on the ground and they will stand there and wait! They've been driven by men, women, and children and will go through water, mud, or whatever you throw at them. They are both extremely quiet, well-mannered mares with gentle natures.

Jessie and Crystal have also been ridden bareback by children and teens. No buck or bolt what so ever. True gentle giants! Very well behaved, good with noise, and have been exposed to all different types of farm animals. Great with their feet, easy to harness and bridle, perfect to load and trailer, not herd bound, and are in good health. Both have raised colts and are good broodmares. Jess and Crys are ready for their next adventure and ready to go where you want them to take you!

“Saucy” is a 5 year old AQHA mare that is ready to go any direction in or out of the arena. With her kind disposition, your family will feel safe and confident around her. This mare has been turned out and comes back under saddle happy and willing to go. She has had the cowboy miles outside working and roping cattle. We have also gathered the bucking stock, roped horses, and ponied colts with her. Saucy has been nicely started in team roping on the heading side. She is doing well on slow to medium cattle and shows all the signs of making a nice head horse with more runs. Point her down the trail on the ranch or at a cow in the roping pen and let Saucy put a smile on your face.

If you want a big strong gelding to use for a job, this guy will get it done. He's been trail rode out across the prairies of MB, down the #1 highway with traffic and trains, and through the desert of AZ. He has been lightly started on the head side in the roping pen. He's run 100+ steers out of the box. He has the build and all the tools to continue on that route if desired. He is Royal Crown Canada Roping for life and BERI eligible, with another futurity year left. He is the most kind horse to have around. Easy to catch, great for farrier, bathing & clipping. Lives out in a pasture, or will happily stand in a barn, and gets along in a herd. An easy keeper, with no extra feed requirements. Loads, ties and travels great. Ears and drinks well on the road. Currently shod all around (for the rocks in AZ) but does go barefoot just fine too. He is used to lots of action and chaos, he's not looky or spooky. Trains, planes, highway traffic, drones, quads, tractors, kids, wagons, strollers, dogs, bouncy castles, tarps, flags; he couldn't care less about any of it. He's been hauled out and seen the sights and sounds! Truck is a well built gelding with straight legs, big boned, lots of foot, and correct conformation. No scars or blemishes! His gorgeous colour with long flowing mane and tail and unique markings, makes him stand out in a crowd! He's broke, with all the buttons, soft in the bridle and moves off legs. He has good transitions and lope departures. He has done lots of obstacles; bridge, gate, drag tire, logs, walk over tarp, through pool, etc. He will pick you up to mount off almost anything (fence, chair, mounting block, et.) Goes bareback & rides around in a halter. He'll follow you around with no halter, ground tie, saddle him without tying. He loves attention and just wants to please. UTD ON: Farrier, Dental (January 2026), Vaccines, Deworming. Current Coggins. He will sell with a vet check done prior to sale day.

Born and raised at the Diamond K Ranch, it's no doubt "Truck" is a good one. Horses like this do not come available often - you will drive the tires off your truck & trailer trying to find another one like him! We call him "Truck" because he's

built like one and he's as reliable as they come. He has the most gentle demeanour and just wants to please. Truck has been used as a Ranch horse. He's seen fall round ups, and plenty of branding pen time. He's even been used on a hunting excursion to drag an Elk out of the bush.

been hauled, and put on the horse show miles, seeing the sights, and watching the action from all four corners of the cutting pen. Dually is very cowy and quick to a stop. He would make an excellent team penning/sorting horse, or all around horse. “Dually” has been great with time off, rides outside by himself on a loose rein, has been ranch roped on, and been to the mountains for trail rides and even has a pack trip under his belt! If you’re in the market for a versatile horse that is gentle enough to go on a leisurely ride, or be competitive in the team penning/ranch sorting events then “Dually” is one you need to have. “Dually” is a 7-year-old AQHA gelding sired by the famous “Dually Cat”, and out of a daughter of “My Own League”. Quick footed, catty, no shortage of grit, and a heart of gold is what “Dually” is all about! Our family has really enjoyed this gelding for

all aspects of ranch work and in the arena. We started “Dually” for a client in his 2-year-old year and added him to our string when we had the opportunity to purchase him, which was an easy decision! “Dually” was our main turn back horse for the 2025 show season. He’s

this 4-year-old has already been out seeing the world and proving he wants a job. He has been hauled to gymkhanas, showing natural speed and willingness in the performance pen. Charger is also cow-savvy, confidently moving the roping cattle on practice nights. He has also been exposed to a live branding and handled the experience with a sensible, curious mind. Charger is sensitive and soft — a pony with feel, awareness, and intelligence. He thinks about his feet, his rider, and his job. Best suited for someone who appreciates a young pony that's tuned-in, responsive, and ready to continue his education. He has been handled extensively, stands tied, is respectful in your space, and enjoys connection with his people. Charger wants to please and wants direction — the kind that becomes a true partner when brought along right. This is a young gelding with the foundation, exposure, and potential to go any direction — ranch work, rodeo pen, youth performance, or a confident rider looking for their next step-up pony. friendly and a quick mover. Definitely built for speed. Side passes, opens gates and rides out nicely. Blue was started as a two year old in a colt clinic for four days and then kicked back out to grow up. He retained everything from his start and is the horse you can just hop on bareback in a halter out of the field and ride him up to the house even with time off. Blue can be ridden alone or with a group no problem. He is very smart and picks up things very quickly. Lives with cattle and has no problem riding into a herd. Has been roped off. Used in the feedlot as well as worked auction marts pushing cattle. He is a higher energy horse so would recommend a rider with more experience than a beginner. Intermediate safe just has more go than woah. Sits fairly high in the herd and is a very easy keeper. Been ridden indoors as well as out. Hauls very well and stands tied. BADGER

2019 | AQHA | GRADE
14.3HH DUN MARE

Consigned by: CAITLIN FORTUNAT

BADGER, Your true “all arounder”. 6 year old grade QH mare. Red dun with blaze, two hind white socks, and white roaning spot on her neck. Badger had 90 days

professional training with a liberty style trainer when she was started as a 3 year old and has spent the last 3 years with us, continuing her training and adding endless experience to her resume. This mare is as brave as they come and you absolutely will not find a horse with more heart. She will go all day for you and do whatever you ask, even if she’s unsure. Badger has been our “go to” horse for all the weird and crazy things we’ve done over the past couple of years. Need to pack the corgis across the river? Badgers your gal. Need a fast horse for skijoring? Pick Badger! Want to go to a liberty clinic? I bet Badger would be top of the class. Pack a flag, dog, kid, rope, gun, loaded down saddle bags, or whatever you can come up with on this girl, she’ll gladly do it. We’ve even jumped her with zero hesitation and I’m willing to bet she’d make an excellent eventer with how brave she is. Badger is gun broke, dog broke, trail broke, arena broke, truly all around broke. She’s a very easy ride and will soften to your leg or hands. She will sidepass, move her hip or hindquarters around, has the foundation for a nice spin and stop, and lopes off nicely. Not worried about machinery or equipment. You can lead her off the quad or out the car window. Has experience outriding with a team and wagon as well. She’s been to multiple team penning practices and shows excellent potential to be a cutting horse. She’s very cowwy and not a hot or hard horse to ride. Has no problem going slow but if you get her going she can be a punchy little mare! On the trail, Badger doesn’t get hot or prancey and will happily follow at the back or lead the pack! She’s gone to the mountains many times with both experienced horses and fresh colts and she’s the same reliable girl every time. Works in a snaffle, a halter, saddled, or bareback. We’ve even ridden her in just a neck rope at the arena. You can also double on her, ride her sidesaddle, stand up or whatever crazy shenanigans you want to try. On the ground, Badger loves her treats. Comes running to a bucket to be caught. Stands tied quietly all day at the trailer, highline, or hitching Post. Good to trim and shoe. Just throw the saddle on and away you go. No lunging or slow cinching required. In the field, she’s zero special maintenance, doesn’t require blanketing, maintains her weight very well. Currently turned out on a hay bale 24/7 in a mixed herd. Middle/low on the pecking order. Never had any injuries, lameness, or health issues. Just when you thought she couldn’t be any better, Badger also has a few tricks to show off! She’s been learning to “lay down” on cue so if you’re vertically challenged you never have to worry about not being able to get back on if you’re stuck on the trail somewhere. She also self “parks” and will pick you up off the fence or mounting block. Badger will stay in training with continuous riding up until sale day.

Bartender is 3yr old grey gelding with exceptional eye appeal and is very nice to be around. He is easy to catch and handle. Good for the farrier, as well as loading and unloading. He has a very nice start on him and has been exposed to cattle. He will have 6 months of training by sale day. This guy will excel in the roping pen heeling, calf roping and breakaway roping., or take him to the show pen. He will have a lot of speed with a big stop. Bartender is up-to-date on his shots and will have a current Coggins for the sale date.

Elvis is an 8 yr old AQHA gelding sired by Little Lenaroo, sire of multiple 1D barrel horses and rope horses. Elvis's dam, Casanova Playgirl is sired by Millionaire Playboy (earner of over 1.2 mil in race earnings). Elvis is a solid 15.3 with a great confirmation and good solid feet that have been kept up to date. Elvis has been rode extensively outside covering pasture around cattle, has had a rope thrown off him and pulled logs, he is ready to start handling cattle. Started on the barrel and pole patterns and taken to various arenas / venues for exposure. Rides extremely soft and light in a small gag bit, very smooth for a big horse. Well broke, collects up nicely and handles the 4 barrel drill easily. Elvis is a no fuss horse, saddle up and ride off. All videos in the YouTube link are out alone in the pasture / back forty. (Videographer is in sxs) Elvis stalls, ties and hauls without issues. Very pleasant to be around. No blemishes, scars or maintenance. Teeth up to date. Elvis is eligible for the following Incentives; Royal Crown Canada, Western Fortunes, CBHI, Breeders Elite Incentive and Breeders Elite Roping Incentive. Elvis is the complete package and would make a great family addition as he could easily do multiple events and be enjoyable to ride out.

Mater is a 4-year-old bay APHA gelding, standing 14.3 hands, built the right size and shape to go to work and stay sound. Mater is started right in both the heading and the heeling. He tracks cattle naturally, has plenty of run, and stays quiet in the box. He's been used outside as well — not just an arena horse. He's worked in the feedlot and out in the pasture moving cows. This gelding is gentle-minded and honest. He's the same horse every day you pull him out. Good to bathe, stands tied, and he's solid for the farrier. No funny business

— just a straightforward, willing young gelding ready to go on with. If you're looking for a versatile 4-year-old that can rope, ranch, and continue to step up in your program, here's one that's started right and ready to finish your way.

11HH APPALOOSA GELDING

Consigned by: **KELTON CAMERON**

"Little Man" is an eye-catching 6 year old Appaloosa gelding with a kind nature and great attitude. Quiet and willing under saddle, making him a lovely prospect for a child's riding pony. He has been out on trail rides and is sensible and reliable in open spaces. Currently learning to pull a sled and carrying a flag. Jogs up nice on a lead, showing a calm, trainable mindset and taking new experiences in stride. Easy to handle on the ground, good to catch, groom, tack up, and stands well for the farrier. Loads and travels well. An ideal all-rounder for gymkhana, trails or a lead line pony. A genuine kids pony with a bright future ahead. UTD on vaccinations, dental, deworming and trimming. For more information please call my Auntie Jasmine Cameron.

He has been ridden 100's of miles through the bush and in the hills, he will cross whatever you point him at with confidence. Nugget is super gentle on the ground and you can catch him wherever you find him. This is a really nice made draft cross that I think most people will get along with. BREEZY2009 | AQHA | GRADE
15HH BAY MARE

Consigned by: KEYLEE DOLGOPOL

Breezy is a 17-year-old mare looking for her next family and a job to do. She has been a trusted part of our program for the past 13 years and is a safe, seasoned mare with the kind of experience you can't put a price on. She is suitable for riders of all ages but does best with a confident rider. Breezy has only ever been owned and ridden by women and is easy to handle, kind, and straightforward. She is easy to catch — a cookie will catch her every time — throw a halter on and go. She rides off well, can sit for months without being ridden, and you can hop on and lope circles without a warm-up. Breezy is as versatile as they come. She has been used to drag calves at branding time, has been headed and heeled on in the practice pen, competed in gymkhanas, and is comfortable carrying flags. She is dog broke, steady, honest, and takes care of her rider, whether you're in the arena or out on the ranch. In the herd, Breezy is mid pecking order and gets along well with other horses. She does get a cough if fed dusty hay, which is easily managed with good-quality feed. Breezy loads easily and jumps into the trailer every time. She would be a great fit for a family looking for a dependable, ranch-solid mare that everyone can enjoy and rely on. Located near Hardisty, Alberta. You're welcome to come out and see her.

be well suited for just about anything he's asked to do. We sent him to Sharla at "The Painted Mane" training at 3 years old for a couple months, to learn some different stuff. Sharla described him as a soon to be "husband horse" or "do anything horse". We encourage you to check out some of her videos and opinions on Korbin on her social media platforms on Facebook and Instagram. Or contact Sharla directly if you would like. We then sent him to Sam Rath to learn all kinds of new and fun stuff, including driving under harness, roping, and sled pulling !!! Exposing him to a little bit of everything. He will continue to be worked with there right up until sale day. He definitely has some maturing to do yet, but we think he's WAY ahead of the curve. Our video on him will be updated as well as we get new footage of his adventures. We also have longer video clips if you would like to see, if you are interested please just ask. We tried to keep it short for the sale video. Thank you for considering Korbin.

Levi has been apart of our ranch for the last 10 years. He is a big solid good natured gelding. Levi has been on several trips to the mountains in the summer and has been rode by several different people. He rides out great to cross water up and down steep terrain and crosses deadfall. Really gets out and walks well and is not love sick. Used to gather, sort and move cattle and you can catch him were he stands. Levi has been used in several parades including Calgary and Ponoka. I took and used him the last 2 summers on the movies and had lots of background folks ride him. Very good with the farrier and hauls great.

and trained many horses from her program over the years. They have consistently been kind-minded and trainable individuals, and Cowboy carries those same qualities. From day one, he has been exceptionally personable and gentle. He genuinely wants to be picked in the pasture and meets you with a willing attitude every time. He stands quietly to be caught and is always ready to go to work. Cowboy has been brought along slowly and thoughtfully, with a foundation built on real exposure and practical use. ✓ Worked at the auction mart around cattle in fast-paced environments ✓ Hauled to multiple arenas and comfortable around large groups of horses ✓ With only three months of riding, Cowboy packed a very inexperienced rider through a 7-day mountain trip in the Ya Ha Tinda — steady, willing, and reliable every day ✓ Used in ranch roping settings and roped live cattle ✓ Will be roped on out of the box prior to sale day ✓ Entered in several schooling ARHA shows this spring to continue sharpening his reining and show-ring exposure. He is currently being ridden 4–5 days per week in preparation for schooling shows and the Top Gun Sale. This winter, he had two months off and returned to work exactly the same — quiet, willing, and uncomplicated. His temperament truly sets him apart. New environments, green riders, cattle, commotion — he handles it with maturity well beyond his age. Under saddle, Cowboy is smooth, correct, and naturally athletic. He has a beautiful walk and trot, a natural desire to stop, and controlled spins that continue to improve. He is soft in the bridle and confident both inside and outside the arena. I can step on him bareback after time off, in a big group or alone, with complete trust. He is excellent to clip, bathe, load, trim, and shoe. Up to date on dental, vaccinations, and deworming. Sound and requires no maintenance. Geldings with this combination of bone, exposure, disposition, and honest real-world experience are increasingly difficult to find. Cowboy represents a genuine opportunity for a family or program seeking a versatile, dependable partner capable of suiting multiple rider levels while still offering performance potential. Not spooky or looky, but takes it all in stride. quads, dirt bikes, sheep, cows, swing sets and house pets. He has seen it all and been off the farm to experience crowds and loud speakers at Fall Fair, Music Festival and Ranch Rodeo. He even likes to pull the kids and parents around in the snow on the sled and skis. Standing 10.2 and with that flashy colour, he moves out willingly at a walk, trot and lope. on the Equi-Ciser. She is an easy keeper. She is NOT a kids horse but continuously gets better and more well rounded the more miles she gets on her. She does best when rode consistently and thrives when she has a job and a rider with soft hands. The harder you work her the happier she is. She is currently being rode 5-6 days/week. For being 13, she hasn't been rode hard so she has lots of years left in her. She has a good handle on her, very soft, neck reins, starting to work on spins and sliding stops. She is going to make a nice all around mare for someone who has the time and consistency to put into her. She does have a scar on her hind right from a wire fence as a yearling but it has never bothered her. UTD on 5-way, farrier and deworming.

Looking for a kind, quiet, broke, well exposed young mare you can take any direction? Lulu is a 2022 AQHA mare, standing a solid 14.3 hands, with good bone, black solid feet all the way around, a correct build, a good set of papers (with names such

as Nu Chex to cash, Shinning spark and Profits increase, a neat blend of cow, running and performance breeding) and a fantastic mind all wrapped up in a pretty golden package. Lulu is broke to ride, she's currently my main mount and is getting lots of miles and refining under her belt. She's got all the buttons, good hip/shoulder/rib control, picks her leads up from a walk, started lead changes, great stop, started one hand, and rides around balanced with good speed control. She rides through the seat and off the legs well, she's light, responsive and soft mouthed. She is a quiet, solid minded mare that can handle a lot. Toss tarps, ropes, flags, and obstacles at her with no worries. Shoot a gun by her, crack a whip off her or walk her through fire, she puts up with crazy (not by any means a dead head though). She is started on barrels and is showing potential and the desire to excel in the barrel pen. She is going to have a few jackpots under her belt by sale day. I could see her being a lot of fun to haul and run. She has had many outside miles, trail rides well, stays quiet and relaxed (even with other horses running past her, or trucks going by) rides alone or in a group the same, leads or follows, rides through bush, over logs/obstacles, walks through creek crossings without worry, she is steady and sure footed in different terrain. She is set up and ready for ranch work, she has been used over the winter to start colts under saddle, open gates, used as transportation for coyote hunting, checking the cows (she's cowy) and pulling kids around in sleds. Her good mind and willingness to work with you make it easy to get the job done. She is being hauled to other arenas for clinics, gymkhanas and exposure, she's the same horse hauling out as she is at home, or goes back to work after time off the same mare, she's got no funny business. Lulu is safe on the ground, she is very easy to catch (typically walks up to you) baths, ties/ground ties, loads/unloads, lunges, tacks up easy, is good with her feet, and easy to mount. Personality wise, she is kind, easy going, friendly, loves people, but is athletic, gritty and moves out nice enough to perform and work. She could go many directions, from ranch work, roping, barrel racing, trail riding, to a family/show/gymkhana home. She would make a great youth or ladies mount. I'd suggest an intermediate and up rider for her, but she'd be fine having a beginner or kid tossed on her from time to time. She is sound, and kept up to date on farrier, body work, vaccines, teeth and deworming, as well as a current coggins. No maintenance, vices or quirks. She's a fantastic young mare with a really solid foundation and lots of miles under her belt already. She has become a favourite of mine, and will make someone really happy. Check out my pages on Facebook for short videos posted of her until sale day. 3T Ponies & Horses or AT Colt Starting & Prospects. Text Anna with any questions.

move and sort cattle. Ride him out on a loose rein out in the pasture or down the highway, he's also safe to hop on bareback and go for a stroll. He has made countless miles through the meadows and mountains of the Yaha Tinda, crossing streams and rivers, bushwhacking through the forest, and navigating rough terrain with ease. This pretty palomino has been a flag horse on the Ladies of the Heartland drill team, packing flags for grand entry patterns, sponsorship laps, and parades. He has also run sponsorship laps at the Czar Lake Bullarama, as well as packed flags for grand entry at junior high school rodeos. In recent years this rockstar gelding has shifted careers into being a solid 2D/3D barrel horse. Dodge is fine with time off but works his best when exercised consistently and conditioned like the athlete that he is. He has run at dozens of arenas around the province, indoor and outdoor, rain or shine, and has won multiple buckles, many prizes, and thousands of dollars. Dodge has been borrowed for barrel racing at both junior high school and college levels. This strong, steady gelding has also been a go to for halter breaking and ponying colts. He's safe around kids, dogs, donkeys, farm equipment, traffic, and everything in between, including that one neighbour that likes to buzz the yard with his plane. Handsome, well-mannered and nice to be around on the ground, he's gentle enough to take treats from a toddler, without taking any fingers off, he prefers fuzzy peaches or marshmallow bananas. This guy has a big, goofy personality and will keep you endlessly entertained. Dodge usually leads the herd in when called and is first to the gate. He will stand tied all day, and stands well to bathe, brush, braid, massage, shoe, saddle, and bridle. Self-loads in a stock trailer or slant load, and hauls alone or in a packed trailer no problem. Has been to lots of overnight barrel races and mountain trips, and is fine to stall, be penned or tied at the trailer, or high-lined, on his own or with a buddy. He's healthy, sound, up to date on teeth, deworming and vaccinations, and currently requires no maintenance. He can go barefoot or with shoes, currently has shoes. He has one scar on his left hind leg, he acquired it with a previous owner, it has been checked by the vet numerous times and has never bothered him one bit, just one minor blemish on an otherwise amazing horse. Dodge will sell with an updated soundness exam closer to sale day. This big guy is still in his prime and has a ton of go in him, so would not be suitable for a beginner or inexperienced rider. He loves to have a job, use him on the ranch to work cows and then load him up and haul him to the local jackpot, he'll work all day and work well. He would also be a good fit for a confident youth looking for a step-up rodeo mount. Dodge is always willing to do any job you ask of him and will look good doing it. Dodge is located near Halkirk, Alberta and will continue to be used until sale day. A video will be uploaded to YouTube and the link added to this listing in the upcoming weeks. Contact Katelyn with any questions or to come check him out before sale day.

Meet Dodge - the ultimate all-around gelding. This flashy 2009 AQHA gelding goes back to the champion cutting horse bloodlines of Peppy San Badger and Doc O'Lena on his sire's side, and the hall of fame racehorse bloodline of Sugar Bars on his dam's

side. Standing tall at 15.3 hands, Dodge's long stride will get you where you need to go with speed and efficiency. With a resume a mile long, this guy is ready to be your next ol' reliable. Started as a rope horse, Dodge has been headed and breakaway roped on, and has been used to check,

Ranch raised gelding. Bred to be a high end performance horse yet has a very gentle quiet way about him. Frenchie was easy to start, no buck. He is a very nice, easy, mover. Outstanding prospect that should excel in any direction he is pointed. He is started on the dummy and should be ready for live cattle in the spring.

He is sound and strong with black feet, and has had no injuries or health issues. Cotton has been rode extensively pasture riding, trail riding, moving cattle, sorting cattle, dragging dead fall, roping the dummy and whatever Dane is up to that day. He is brave and nice to ride with no spook or funny business. He would make an excellent ranch/trail/mountain riding horse and would be suitable/safe for a young rider as he has been trained and handled by a youth. Casper is a 2016 gelding finished head horse. He has mainly been used on the head side, also heeled on, ranch work and drug calves at brandings. He's calm in the box, runs to the steer and rates off and will stay there until asked to turn. Has been to WSTR qualifiers, TRC ropings and many local jackpots. He is easy to catch and load, good for the farrier, easy keeper and gets along with other horses. Up to date on farrier, teeth and vaccines and worming. Casper is safe for any level of rider or roper to take to the trail, ranch or the arena.

ride him for heel-o-matic practice. He's been used every spring for brandings and he's steady, reliable and not afraid of hard work. We introduced him to trick riding and he turned out to be very good at that as well. He runs a hard strong pattern and accepts all tricks with no resistance. This past summer he worked a large feed lot which taught him that not everything needs to be done in a hurry and that some people rope left handed. Logan will have him refreshed, shod and back in the roping pen by sale time. A variety of riders will get along with this good looking fella.

Ranchers, ropers, trick riders and trail riders, pay attention to this guy. He's a ready and willing partner in whatever you choose to do, and he's way too over qualified to stand around eating hay with his tail to the wind all day. He was started as a three year old and he's had various trainers since. Carola at Pro Horse Training had him for a couple months doing liberty work with him. We rode him a couple years on the ranch and then sent him to Logan Spady for further training and rope work. He's worked both head and heel ends and the kids

feet, and is excellent to saddle. Prior to being started under saddle, Lucy was ground driven extensively and handled it very well. Because of this foundation, she would also likely make an excellent driving horse for someone interested in taking her in that direction. By sale day Lucy will have approximately 50 solid rides, both indoors and outdoors. She is being ridden consistently and exposed to a variety of experiences as her training progresses. Lucy will continue advancing in her training with exposure to cattle, ropes, outside miles, and obstacles leading up to the sale. Lucy has a quiet, willing disposition and the kind of mind that makes her enjoyable to be around and easy to continue developing. She is still young and would benefit from a rider who can support her through this stage of development, or she can remain in training with Sarah Sitko at SJS Horse Training and Sales for continued progression. Lucy is flashy, built correctly, and will mature into a big, solid mare. With her size, bone, and disposition, she has the kind of build and mind suited for a long day's work and all the qualities to make an excellent ranch or rope horse. Lucy is currently located in training with Sarah at New Beginnings Equestrian Center, just outside of Onaway, Alberta, approximately one hour from Edmonton. Interested buyers are welcome to come see and try Lucy prior to sale day.

bronze winner. Her grandsire, Smart Little Lena, needs no introduction, and her granddam is a 2x world finalist in reining and a full sibling to Chex My Freckles. Wilma's bottom side is lined with Peppy San Badger, Doc Bar, and Cutter Bill (NCHA World Champion). Wilma's dam's sire is a 7/8 brother to Gray's Starlight, Gallo Del Cielo, and Paddy's Irish Whiskey. Needless to say with Wilma's pedigree her potential is endless, not only in the arena but also as a broodmare. We have owned Wilma since she was a two-year-old and has gotten lots of exposure since. In her three-year-old year she spent the winter at a 26 000 head feedlot and the last two summers she got used at a community pasture. Wilma has sorted pairs, pulled sick animals out of pens, loaded cows to be processed, doctored cattle out in the pasture, tied off of, pulled bulls, moved cows, has went to a couple of brandings, and been to trail rides. Wilma has also spent some time in the arena and lopes nice circles, has a good stop, and works off her hind end well. This little mare may only be 6 but already she has proven to be an easy-going horse most people can ride. Wilma is the type of horse that has more woah than go, doesn't get worked up easily and can have time off and have no funny business when you head out on her. This fall she had an 11-year-old girl jump on her to trail cows and then pushed groups of cows into the handling system to be preg checked. Wilma is the type of mare that gets along with everyone in the herd and doesn't ever get pouty. She's easy to catch, good with her feet, and simple to vaccinate and deworm. She loads good, hauls down the road well, and has spent lots of time being tied up. She doesn't care if she's rode by herself or in a big group. She's been ridden in the bush, up and down hills, and crossed creeks. Wilma has the potential to excel in many different disciplines. With her pedigree she would make a great team penning or sorting horse, and with more training could become a nice little show or working cow horse. Keep using her on the ranch or with an experienced hand could become a heel or breakaway horse. Wilma would make a great trail or pleasure riding horse for any level of rider, and she would fit right in with a youth rider wanting to do 4-H or go to local shows. If you're looking for an eye-catching horse with a sunny disposition, Wilma's your girl. James Jones 306-360-8101 | Malorie Guenther 306-318-0207 | Lanigan, SK | malorie.guenther@gmail.com

couple of years, she is ready to go in just about any direction. Wilma has been ridden by both experienced and inexperienced riders, counting an 11-year-old girl. Wilma's pedigree is stacked with a legendary family tree. Her sire was an AQHA Superior, NRHA point earner and

gelding built like a tank and made to last. He was lightly started as a 2-year-old and now has approximately 8 months of training. He is soft, willing, and an excellent mover with a great mind. Rio has been ranch roped off of, headed and heeled on the Heel-O-Matic, as well as live steers on the slower side. He has been ridden extensively in the arena, pasture, and out on the trails. He hauls well, is not spooky, and does not buck, bolt, or rear. He is an easy keeper and a pleasure to have around. At just three years old, Rio quickly became the first horse to be grabbed when doctoring cattle or when a job needs to get done. He is trustworthy, reliable, and gritty—qualities that are hard to find in a young horse. With his honest nature and solid foundation, he would make an excellent ranch horse and has the potential to go in any direction. This gelding has a very lovable personality and will meet you at the gate every day. He is the kind that will turn heads wherever you take him—whether it's the branding pen, the roping pen, or a quiet day out on the trails. Crossbell Performance Horses breeding – ready to go any direction you point him. Outlaw's got a solid start and an even better attitude. Handled and trimmed from weanling age, he's been given every chance to excel – and he's taken it. Fun to ride, eager to learn, and genuinely unflappable: crack a bullwhip over his back, shoot a gun, throw a tarp on him – he doesn't care. **What he's done lately:** ✓ Worked fall run at Thorsby Stockyards ✓ Calving help on the ranch (Jan–Feb):dragged sleds with calves, cut/sorted/moved cows

✓ Expected to rope calves for doctoring and branding this spring. **Under saddle:** soft-broke with a nice neck rein coming along, rides all day (and half the night) without fuss. Not cinchy– tighten up and he's ready to work. Quick learner, surefooted, smart, and happy to stand quiet in the barn or outside. Easy keeper; gets along with mares and geldings, sits low in the pecking order. **Soundness & care:** no maintenance, good bone, goes shod or barefoot. Up to date on teeth and vaccinations; Coggins and PPE available. It's safe to say that Outlaw makes a poor outlaw. If you want a sensible, versatile gelding that can ranch, rope, and hit the trails without drama, Outlaw's your guy.

Consigned by: ADDY SANTAROSSA

Aura is a 7 year old bay grade mare that is a good utility horse, always ready for adventure. She has a broad base of knowledge and experiences, giving her the capability to specialize in any direction. Aura has a good temperament, with a warm and sincere soul, allowing for all skill levels of riders. We've used her as a work horse; moving and sorting cattle, as well as a steady presence for young and green horses in training. Aura has additionally been used as a pleasure horse in the mountains ambling on trails, used lightly for barrels and popping over some hunter jumper combinations. Additionally packing kids and green horns around. She neck reins beautifully, responding to voice, and leg cues, while also being light with her mouth. Aura is very desensitized to ropes, rope dummies, flags, and all sorts of shenanigans. She is comfortable with dirt bikes, dogs, unpredictable children, and other horses. To top it off Aura is just as good being ridden bareback as she is in a saddle. Aura is a remarkably versatile horse. Aura has great feet that have never been shod, even staying sound in Rocky Mountain terrain. She has had regular foot care and is good to trim. She can be prone to seasonal allergies, to the dust in hay, which does not limit her performance nor ability to work. Aura is maintained with regular husbandry, good routine health and wellness practices which are kept up to date. She does best when stabled outdoors, and fed forked hay or pastured. She is good to load, catch, blanket, bridle, and saddle, making her easy for beginners to learn from. Aura does not appreciate being wet and cold, and would prefer to have a warm blanket on. Aura truly is my go to horse for any situation. Make sure you check out this lovely Aura of light.

He has lots of miles on him in the mountains crossing rivers and rugged terrain. He has worked cows a few times and had no problems with any of it. Fireball moves well off your leg to open gates, has a nice soft mouth and is getting pretty handy with neck reining. He has experience carrying the flag at a lope, trick riding, doubling little kids and towing the calf sled. He will take a tilt ramp at a lope and navigate most other obstacles without hesitation. He has shown no fear of anything hanging, dragging or flapping off of him and us kids have tested him with a lot of new things. Fireball is good with his feet, bathing, blanketing, trailering and he is hobble and tether broke. He is a safe, reliable, young horse with many years ahead of him, completely sound and has great feet. He is UTD on dental, vaccines, deworming and farrier. No extra maintenance or special feed required.

15.3HH GREY MARE

Consigned by: WES WELCH

Annie is wonderful mare very kind and gentle loves people first to the gate. Literally seeks you out for scratches. A lovable personality. Has been used for mountain riding and moving cattle. She has a big ground covering walk. Great with her feet, loads awesome. She has had a couple foals. She has been left for long periods of time we just saddle her up and go like she was rode yesterday. No funny business with this girl. Please don't hesitate to call, thank you.

up. Like many horses with elite pedigrees, Tig is sensitive and talented—he responds best to a soft, confident hand and a rider willing to continue developing what's already there. He has had multiple trainers throughout his seven years, and we truly feel he is beginning to realize his potential. Now, he's ready to find his forever home—someone who will invest the time to bring out the top-tier horse he's capable of becoming. Tig has previously been exposed to the barrel pattern and shows the athleticism to excel in the right program. Since being with Colby, he has also been introduced to team roping. He's confidently roped the Heel-O-Matic and has been started on slower live cattle. With his size, strength, and forward run, Tig has the tools to develop into a standout head horse. At seven, Tig has matured into a friendly gelding with a good mind. He is not suited for a beginner rider—he is not a “grandmother or granddaughter” horse—yet. However, he is well on his way to becoming that type of dependable partner with continued, consistent training. Beyond performance potential, Tig is a pleasure to have around: Stands well for the farrier, Hauls quietly, Easy keeper, Good foot, nice bone, and solid conformation, Turns out well with other horses and is herd-friendly. He has been hauled to different arenas and exposed to new places, people, and horses, taking each experience in stride. In addition to performance prospects, Tig would make an exceptional ranch, mountain, or trail horse thanks to his athleticism, build, and versatility. Tig is the kind of gelding that offers real opportunity—the talent is there, the foundation is laid, and the future is bright for the right rider. If you're looking for an athletic, well-bred gelding with the tools to excel in the roping pen, on the barrels, or out on the ranch, Tig deserves your attention this April. Call Colby for more information or to come and check him out.

Colby Bowers | 780-207-5061 | Ardmore, AB | colby.bowers@nlsd.ab.ca

Meet Tig – registered as Gravity Sunwind Rain – a striking 7-year-old gelding with the athleticism, pedigree, and presence to turn heads wherever he goes. By sale day, Tig will have had six consistent months with Colby Bowers, and the growth we've seen in that

that time speaks volumes about his potential. If you know his bloodlines, you already understand that this is a horse bred to be an exceptional athlete. Tig is true to that promise, showing standout athletic ability, strength, and natural run every time he's asked to step

reliable, with plenty of real ranch experience. She's been used to drag calves at branding, pair out, turn out, and wean in the fall. She's more woah than go, but don't let that fool you—she has the speed when you ask for it. I've used her to chase horses, and she took it in stride with no trouble keeping up. She's good to shoe, saddle, and blanket. She stands still for you to get on and off, moves off leg pressure, and stays light on the face. You can turn her out on pasture for a few months, bring her back in, and ride off without any issues. She's the kind of mare you can count on every day—steady and ready to go to work whenever you are.

Pimp is extremely versatile and isn't fazed by much. Take him out to ride pasture, sort cattle, breakaway rope or haul him to a barrel or pole bending jackpot- he's down for anything. He is very athletic, quick footed and catty, but very honest and dependable. Pimp is a lot of horse in a little body. He has the talent and feel to be competitive, but the mind to stay dependable. He isn't a deadhead kids pony by any means, but has the mind and work ethic to make an excellent step up pony for a confident youth. He would excel with a handy ranch kid looking for a pony that'll go win the jackpot on the weekend and then head out to ride pasture during the week. Pimp checks all the boxes to excel in any direction and become a standout pony in the right program. Sound, willing, and versatile, he's the kind that'll do anything you ask of him but has enough personality to make even the toughest tasks fun.

brandings in the summer time. He's athletic and loves to work cows. We've trailed, sorted cattle, check pairs, been roped off a lot, you can tie off on him with no problems. He's a very confident horse that has no vices. He's been around running equipment, quads, noise and dogs. He has zero health issues or maintenance. He'll keep working until the sale day, he's up to date on vaccinations, teeth and farrier. Feel free to call if you have any questions or if you want to come and check him out.

"Peaches" is a meet you at the gate type mare, complimented by a solid foundation of groundwork and riding. She has been rode outside as well as inside. We have found when given time off she has returned to riding in a

safe and positive manner. Peaches is helpful roping, flagging, and ponying other young horses being started under saddle. She is started on the heel-o-matic and will continue to progress towards cattle up until sale day. We have kept her up to date on her deworming and farrier work.
